

## Business trip to Germany.

**Date:** September 10-13, 2019.

**Hosted by:** DE-International's *Information Center of the German Economy* by the Russian-German Chamber of Commerce in Saint-Petersburg with the support of the RAWI.

**The purpose of the trip:** to make Russian companies aware of the possibilities of expanding and developing wind energy business, establishing contacts and sharing experience with key players in the global logistics and wind energy market.

**The programme includes:**

- Visiting the HUSUM Wind 2019, the largest exhibition dedicated to the wind power industry.
- Visiting the port of Hamburg, an important logistics hub for sea routes.
- Participation in a conference on logistics, as a platform for personal and professional communication & interchange of views on topical issues of the industry.
- Visiting manufacturing facilities.
- B2B meetings with potential business partners.
