

Dear Colleagues!

As in previous years, we will be participating in one of the crucial events for the German market, **Husum Wind 2019**. Enthusiastic about being part again of the "must-attend" annual event for the German wind industry, we would love that you join us there!

LATEST TRENDS FOR ASSET MANAGEMENT & DATA

Visit us and meet our team – they will introduce you to the latest in renewable asset management and power regulation solutions. Find the perfect solution to meet your specific needs and requirements, and learn how to optimize your performance and operations.

How to do so? You can participate in our seminar or book a personal demo during the event. Come and discover more about our full range of state-of-the-art and data-driven technologies for the industry in Husum!

Seminar

Do you want to know how **data normalization** and **data fusion** can help your daily operations? Meet our data experts in Husum and find out how you can get the most out of your assets' data. The seminar will be on Tuesday 10th, at 16:00h, and Wednesday 11th, at 16:00h. On Wednesday, the seminar will be followed by appetizers and brews.

Book a personal demo

You can learn more about our solutions during Husum Wind 2019 – a **personal demo** of the renewable asset management, **OneView® SCADA**, will be available there! You can book a demo with one of our experts by sending us an e-mail at: alo@scada-international.com

REMEMBER, YOU WILL FIND US...

Looking forward to seeing you in Husum!

Konstantin Nikishin and Krzysztof Komendziński
